About Wsce 2019

This is a significant global event that declares a new start as “World Smart City Expo” by integrating related events from ‘World Smart City Week’ and ‘Smart City Summit Asia’.

It will be held in KINTEX from September 4th to 6th, 2019 and participants will include global corporate leaders, small and medium sized enterprises, local governments, public representatives from domestic and overseas, experts and academics from all around the globe. The program includes conference and seminars, G2G programs, business events, exhibitions and interactive side events and activities.

Please come and be a part of WSCE 2019.
