About Singapore Retailers Association

Singapore Retailers Association (SRA) was founded in 1977 by 10 leading retailers with the following objectives:

- To improve the business standards, professionalism and productivity of retailers;
- To present retailers' interests and views to the various government authorities;
- To foster good relations among retailers, and between retailers and those who work with them;
- To be a listening post for news that is of interest to retailers; and
- To support all members, whether big or small, whatever their line of retailing.

The association has some 300 members accounting for 75% of retail sales in Singapore. SRA is now an omni-channel association, and welcomes both brick and mortar as well as online retailers as members (B2C), along with companies related to the retail sector (B2B). It is also a founding member of the Federation of Asia Pacific Retailers Associations.
